NEMA-4 Printer Enclosure

Printer enclosure Model PB282626-04
28H x 26W x 26D, outside dimensions.
Enclosure body: 14 ga. painted steel includes capability for a sliding shelf and a heater mount.
The Front door uses quarter-turn compression latches and Rear door locks.
Front door includes a repositionable access door.
SS2-24 Sliding shelf, 20.2" extended open, * 80 pound capacity
* It may be necessary to secure the enclosure assembly to a mounting surface in order to prevent the enclosure from tipping with a loaded sliding shelf fully extended.

With the use of accessory SS2-24 (sliding shelf supports) the Max printer dimensions are 18.0 High x 20.0 Wide x 21.0 Deep
